EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

Cancel Claims 52-64

3. The following is an examiner's statement of reasons for allowance:

In the Final Office Action mailed April 7, 2006 claims 1-17, 27-51 and 65-89 were noted as allowable. Applicants current amendment filed July 13, 2006 cancels claims 20-26 which were rejected under 35 USC 112 second paragraph and cancels claim 18 which was rejected under 35 USC 102(b) citing Sarker. The prior art of record fails to teach the limitations of independent claims 1, 11, 27, 35 and 45. Specifically regarding claim 1, the prior art fails to teach the limitation of a data structure defining a query definition which includes a query specification including query text and parameters, the parameters having values that may be set before or when the query definition is executed and the data structure encapsulating the query definition as cited in the claim. Independent claims 11, 27, 35 and 45 also recite the limitation of a query specification and encapsulation of the data structure this is not found in the prior art as claimed.

Applicants remarks filed January 26, 2006 pages 17-19 concerning these claims were found persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
